1 General Data

1.1 Number of fans

1.2 Favored type of fan radial roof

1.3 Indication of type*
*(if ref. to our catalogue)

1.4 Assembly
 idle intake both-sided duct connection
 idle blowing out idle intake and idle blowing out

2 Operating data

2.1 Volume flow [m³/h]

2.2 Pressure rise Δp_t Δp_{st} [Pa]

2.3 Medium density at the inflow [kg/m³]

2.4 Medium temperatur at the inflow [°C]

3 Medium

3.1 Chemical composition
 humid dry sticking
 smell nuisance toxic

3.2 Explosive yes no

4 Motor data

4.1 Kind of current three phase c. alternating c.

4.2 Frequency [Hz]

4.3 Ex motor yes no

4.4 Ex motor with PTC yes no

5 Accessories

Mounting flange intake side pressure side

Protective grid intake side pressure side

Sound absorber intake side pressure side

Flexible PVC-connector intake side pressure side

Bracket intake side pressure side

Operating switch

Vibration damper

Weather protection

Frequency converter
